

2017/2018
Summer Courses

Summer.

Get ahead in summer

University of Canterbury | Te Whare Wānanga o Waitaha (UC) offers a selection of courses in a range of subjects over summer (November – February).

Why study over summer?

Summer study gives you an opportunity to get ahead:

- by shortening the time it takes to complete your degree
- by enabling you to catch up after taking introductory courses during the year or retaking courses you failed or withdrew from
- by spreading your workload
- by choosing an interest or specialist course
- by improving your academic skills, or
- by picking up prerequisite courses to prepare you for your chosen courses next semester.

If eligible, you can receive StudyLink assistance over summer.

Due to their intensive nature, summer courses at degree-level are not recommended if you are new to university study. The preparatory courses (see next page) are designed for new UC students.

Enrol now for November 2017

You can enrol in summer courses starting in November 2017 (17SU2) by either:

- enrolling online at <https://myuc.canterbury.ac.nz>
- or by phoning the Contact Centre on: T: +64 3 369 3999, or freephone in New Zealand 0800 VARSITY (827 748).

Further contact details are listed in the 2018 Guide to Enrolment and available online at www.canterbury.ac.nz

Enrol for January 2018

From 3 October you can also enrol for 2018 courses starting in January (18SU1).

Important dates

If you were not enrolled at UC this year, the last date to apply to enrol is one week prior to the official start date of the summer course.

Current students can add a summer course to their enrolment by submitting a change of enrolment up to the first Friday after the official start date, for a course of less than six weeks duration; or the second Friday after the official course start date for a course of six weeks or longer. Teaching practices and field trips enrolment dates vary.

Fees and course information

For fees and other course information for summer courses go to www.canterbury.ac.nz/summer-school/summer-degree-courses

Students studying over summer who are not currently enrolled at UC will pay a compulsory Student Services Levy in addition to course fees. The amount of the levy will depend on the length of enrolment. For more information refer to www.canterbury.ac.nz/future-students/fees-and-funding/student-services-levy

The last classes before the Christmas break will be on Thursday, 21 December 2017 and the first classes in the new year will be on Wednesday, 3 January 2018.

StudyLink eligibility

To check your eligibility for StudyLink assistance (student loan, student allowance or living costs) go to www.canterbury.ac.nz/future-students/fees-and-funding/student-loans-and-allowances

For StudyLink advice, information booklets and application forms contact StudyLink on 0800 88 99 00 or go to www.studylink.govt.nz

Workload and expectations

Most summer courses have an intensive teaching format. This condensed teaching and assessment schedule requires your full commitment if you are to successfully complete your summer course. For this reason, we recommend that you take no more than two courses (up to 30–60 points) during the summer.

For workload reasons, we recommend that you spread your courses across the November and January sessions rather than enrolling in two courses in one session. Due to the timeframes for summer courses, it is often not possible to be as generous with extensions as it is for semester courses.

Transition courses

Preparatory courses are non-credit, catch-up courses that can help prepare you for your first year of degree study.

Our Headstart pre-university catch-up programme is suitable for students who have achieved University Entrance, and would like to prepare for a subject they don't feel confident in, or for students who have been away from study for a while.

Further information can be found at: www.canterbury.ac.nz/future-students/qualifications-and-courses/transition-programmes/headstart

You can also request a copy of the Headstart brochure from the UC Contact Centre:
T: +64 3 369 3999 or 0800 VARSITY (827 748)

Intending Law and Criminal Justice students can prepare for their first-year studies by taking BRDG 031 Invitation to Law.

The course provides students with an introduction to legal materials, and to the institutional and social context of the New Zealand legal system.

Cancellations and refunds

If a summer course requires cancelling due to limited enrolments, you will be notified directly by the school or department.

For information about refunds go to www.canterbury.ac.nz/summer-school/how-to-enrol

‘I have only taken one Geography summer course, but I really enjoyed it! It was quite an immersive experience because you condense a lot of content into a few weeks, but it was a brilliant way to tick off a course and have the ability to focus on one subject at a time.’

Student support

Health services

Student health services are available from the University Health Centre, which is situated near the car park at 90 Ilam Road. To ensure that you receive subsidised health care during this period, please take your student ID with you to your appointment.

The University Health Centre will close at 12 noon on 21 December 2017 and reopen approximately 17–19 January 2018.

If we are closed you can still phone our number for advice. Our out-of-hours service provides a free helpline that can also direct you to after-hours clinics including psychiatric emergency services.

The Health Centre email is intermittently answered for repeat prescriptions and general enquiries.

Support and advice

Our friendly, professional Student Care Advisors are here to help you settle in and gain a sense of belonging in the UC community. We will act as your support team throughout your studies and help you to take advantage of the many resources and opportunities available to make your time at UC the best it can be.

Our trained staff can help any student, no matter their background, providing free, one-on-one confidential support where you can discuss anything that you need to help you through university and life (eg, working with a supervisor, connecting with other postgraduate students, accessing study and research resources).

Māori students

Te Ratonga Ākonga Māori | Māori Student Development Team (MDT) works collaboratively with academic departments and service centres to assist ākonga Māori to have success at UC. MDT offers a range of developmental and support initiatives, including:

- Māori Orientation to welcome new students
- individual Advisor appointments to support you through your studies
- mentoring support to help you to settle into your studies
- academic development and support
- Te Oho Akoranga monthly e-Newsletter.

While studying, we encourage you to make the most of the opportunities available and look forward to supporting you and your whānau at Te Whare Wānanga o Waitaha.

Student safety on campus

During the ongoing campus transformation programme, please be on the lookout for heavy vehicles, increased traffic and uneven surfaces. We encourage students to watch, listen and stay alert, and to call Security if they notice anything that could be unsafe. At UC, student and staff safety is a priority. Everyone is responsible for keeping an eye out for each other.

UC Security staff are always available to offer help and advice. The Security office is located at 114 Ilam Rd and is operational 24/7. You can contact Security by using a Help Point tower on campus, or by phone:
