

Discretionary Entrance

This is not an admission route for those who have failed to achieve University Entrance.
Meeting the criteria below does not give automatic admission. All applications will be assessed on an individual basis.
Students who do not have a University Entrance (UE) qualification may be eligible to apply **for consideration** for Discretionary Entrance.

Discretionary Entrance

Criteria:

- You are a NZ Citizen or Holder of a NZ Residence Class Visa or Australian citizen or permanent resident.
- You will be 16 years of age or older by 31 December in the year of application.
- You will be under 20 years of age on the official start date of your courses.

If you are using NCEA for admission you must also have:

- gained a minimum of 72 credits at NCEA Level 2 including a minimum of 14 credits in each of four subjects (three of which must be approved subjects) and a minimum of 60 Merits and Excellence credits; and have met the literacy and numeracy standards required for UE.
- NOT undertaken Year 13 study beyond 1 June if intending to enrol in February the following year.

If you are using International Baccalaureate (IB) for admission you must have:

- gained a minimum of 24 points but have not been awarded the International Baccalaureate Diploma.

If you are a NZ Secondary School Exchange student you must have:

- NCEA Level 2, including a minimum of 14 credits in three approved subjects.
- achieved the literacy and numeracy standards for university entrance.
- evidence of having studied overseas, post year 12, for a minimum of 20 weeks on an official exchange programme such as AFS or Rotary.
- a supporting letter from the principal of the school you attended overseas is required. If this is not in English an official translation is required. This supporting letter must be on school letterhead, state duration of study, and a comment of your overall standard of academic conduct and participation.
- transcript of your studies completed on exchange if possible.

Important Information regarding your application

- If you are still at school, you will require a recommendation from an adviser as to your readiness and suitability for university study. An adviser will be your Principal or Careers Adviser. You will normally have an interview with your adviser and this will contribute to their recommendation.
- You may apply for one qualification only (this can be a double degree). If a preferred degree/course has limited entry a second non-limited option is permitted.
- If your application is successful you must enrol in the year for which admission has been applied, otherwise it will lapse.
- Discretionary Entrance gives you the right to enrol at the University of Canterbury; it does not guarantee admission to any particular programme of study.
- It is important that all prospective students are competent in English. The University does not accept responsibility for academic failure due to the lack of competence in English.
- Please note that any courses taken, failed or passed will be permanently recorded on your transcript and will be calculated into your GPA at UC.
